December 2021

To Whom It May Concern:

Every year the schools in Warren County collaborate in an effort to locate children in their districts that may be in need of Special Education Services. One of our efforts is to distribute the attached informational flyer to physicians, preschools, libraries, and social agencies. This flyer gives an overview of services that are available in our local public schools.

As a representative of the Sussex/Warren County Special Services Directors' Association, I am requesting that you please post the attached article in your building and provide this information to those parents you feel would benefit from such services.

Please contact me if you have any questions. We appreciate your cooperation and support.

Sincerely,

Loren B. Marcus
CST Coordinator
Special Services Department
North Warren Regional School District
